

CARC Meeting
March 15, 1995

No meeting was scheduled after the Skywarn class as I thought there would be. However, 74 hams signed in on Ed Cox sign in sheets and 78 signed in on ours.

Respectfully submitted,
Saundra Day N8TZB

P.S. I did bring several brochures on thunder, lightning, tornadoes, on preparedness check lists for various types of disasters including fire. Also, special information regarding mobile homes and people who have mobility problems. The information was circulated on behalf of American Red Cross.
